

CITY OF KNOXVILLE, TENNESSEE

City Council

AGENDA INFORMATION SHEET

AGENDA DATE: February 18, 2025
DEPARTMENT: Engineering Department
DIRECTOR or DESIGNEE: Tom Clabo

AGENDA SUMMARY

A Resolution authorizing the Mayor to amend the agreement with Foundation Systems Engineering, P.C. to provide asphalt testing and inspection services for the City's resurfacing program in an annual amount not to exceed \$45,000.00.

COUNCIL DISTRICT(S) AFFECTED

All Districts

BACKGROUND

The City of Knoxville previously advertised asphalt testing professional services and selected Foundation Systems Engineering, P.C. as the most qualified firm. This is the first of two contract renewals for asphalt testing and inspection services for support of the annual Resurfacing Program. The original request for proposals in 2024 allowed for two optional one-year renewals for a total of three years. This amendment is to renew the contract per the terms of the Request for Proposals and increase the contract cost to address the testing needs for this year and future renewals.

This contract with Foundation Systems provides professional services that include nuclear density gauge calibration and various third-party asphalt tests to ensure that the City's resurfacing contractor is using proper asphalt mixtures and providing a good product. This contract covers the anticipated tests needed for both the Phase I and Phase II resurfacing contracts.

ESTIMATED PROJECT SCHEDULE

Contract work must be complete by November 30, 2025.

PRIOR ACTION/REVIEW

R-99-2024 March 19, 2024 - Initial Contract Approved.

FISCAL INFORMATION

These services are funded by the Citywide Resurfacing Program approved as part of the 2024-2025 Capital Budget.
