AFFORDABLE RENTAL DEVELOPMENT PROGRAM AGREEMENT DEVELOPER/OWNER

This Agreement is made between Edgewood Apts LLC, 800 S. Gay Street, Suite 2126, Knoxville, Tennessee 37929 (“Developer”), and the City of Knoxville, 400 Main Street, City County Building, Knoxville, Tennessee 37902 (“City”), and is executed for the purpose of providing funding in the form of a deferred payment loan to Developer through the City's Affordable Rental Development Program (“Program”) for the development of 15 units of affordable housing located at 2501 Edgewood Avenue, Knoxville, Tennessee, more specifically described in Exhibit A, attached hereto and incorporated herein by specific reference (“Property”).

IN CONSIDERATION OF DEVELOPER'S COMPLIANCE WITH THIS AGREEMENT, THE CITY AGREES TO PROVIDE DEVELOPER THE FOLLOWING FUNDING FOR DEVELOPMENT OF THE PROPERTY:

A conditional, deferred payment loan not to exceed \$360,000.00. The program funding will be provided in the form of a loan that will be forgiven over a 20-year period, provided that Developer complies with all terms, covenants, and obligations contained in this Agreement, in the Promissory Note (executed herewith), and the Restrictive Covenant. The source of the loan funds is the City's general funds designated for the Program. The City's performance and obligation to pay under this Agreement is contingent on an annual appropriation of the source of funds.

DEVELOPER AGREES TO THE FOLLOWING TERMS AND CONDITIONS.

1. Use of Loan Funds. Developer shall use the loan proceeds for customary and reasonable project-specific expenses necessary for the development of 15 units with an average of approximately 418 square feet each, located on the Property.
2. Budget. Developer agrees to adhere to the budget, which is attached hereto as Exhibit B and incorporated herein by specific reference, in carrying out the construction project described in this Agreement. Any line-item changes in the budget require submission of a written budget amendment request to the City. If approved, the City will respond with a written letter of approval to Developer and will keep a record of the budget amendment on file.
3. Performance Requirements. All work shall be performed by qualified contractors in accordance with industry standards, local codes, ordinances, permit and inspection requirements, and local, state, and federal requirements regarding accessibility for persons with disabilities. Without limiting the foregoing, all construction and other project work shall be performed in accordance with and conform to all applicable building, safety, construction, and housing codes (including without limitation, building, electrical, gas, mechanical, and plumbing codes) and zoning requirements. Contractors hired to undertake work on behalf of Developer must be licensed professionals as required by the State of Tennessee (see TENNESSEE CODE ANNOTATED § 62-2-100 *et seq.*) for any

services in this Agreement requiring such licensure. All work carried out under this Agreement shall be of first quality and performed in a workmanlike manner.

4. Affordability. For a period of 20 years beginning on the date construction of all units on the Property is completed (“Affordability Period”), all assisted rental unit(s) in the Property shall be occupied only by households that are eligible as low-income or extremely low-income families and will meet the requirements to qualify as affordable housing set forth in 24 C.F.R. § 92.252. Specifically, the assisted rental unit(s) must meet the following requirements to qualify as affordable housing:

- A. The rent charged for the assisted unit(s) must not exceed the current fair market rent for comparable units in the area, minus a monthly allowance for tenant paid utilities, which will be determined by the City for each project using the U.S. Department of Housing and Urban Development (“HUD”) Utility Schedule Model.
- B. After review and approval by the City, the following parameters have been established for this project:
 - i. The assisted units are identified as 15 studio units.
 - ii. The initial tenants and subsequent tenants will have a household income no higher than 80% of Area Median Income (“AMI”), however up to 12 units may service 60% AMI during the Affordability Period.
 - iii. The initial maximum rent that has been established for these 15 studio units is \$1,256.00 OR, if the unit receives a federal or state project-based rental subsidy, and the family pays as a contribution not more than 30% of the family’s adjusted income, then the maximum rent is the rent allowable under the federal or state project-based rental subsidy program; and
 - iv. The assisted units are floating.
- C. Developer agrees to reexamine the income of each tenant household at least annually and provide the City with annual recertifications of the incomes of all tenants residing in assisted units.
- D. Maximum rents will be calculated by the City annually upon receipt of updated Fair Market Rents for the Knoxville area. If the maximum allowable rent amount increases, Developer may determine whether to implement a rent increase for any new or renegotiated leases. Before any annual rent increase may be implemented, tenants must be given at least 30-days’ written notice of the increase. Increases in rent are also subject to all other governing provision(s) of the lease agreement.
- E. Assisted units shall qualify as affordable despite a temporary noncompliance with this Section 4 if the noncompliance is caused by increases in the incomes of existing tenants and if actions satisfactory to the City are taken to ensure all vacancies are filled in accordance with this Section 4 until the noncompliance is corrected.
- F. Developer may not refuse to lease assisted units to a voucher holder.
- G. The assisted unit(s) must be occupied only by households that qualify as low-, very low-, or extremely low-income families except for temporary noncompliance caused by increases in the incomes of existing tenants if actions satisfactory to the City are

being taken to ensure that all vacancies are filled in accordance with this section until the noncompliance is corrected.

- H. The assisted unit(s) must meet the affordability requirements throughout the Affordability Period. The affordability requirements apply without regard to the term of any mortgage or transfer of ownership, except that, the affordability requirements may terminate upon foreclosure or transfer in lieu of foreclosure. The affordability restrictions shall be revived according to the original terms if, during the original Affordability Period, the owner of record before the foreclosure, or deed in lieu of foreclosure, or any entity that includes the former owner or those with whom the former owner has or had family or business ties, obtains an ownership interest in the project or Property.
- I. Developer must repay the full amount of Affordable Rental Development funds invested in the project if the project fails to meet the affordability requirements for the full Affordability Period.

5. Procurement. Developer agrees to solicit competitive bids for the construction work and to provide evidence to the City of the bids received, the amount of each bid, and the method of selection. Developer may select a contractor who has successfully provided services to Developer in similar, previous multi-family projects, subject to City's review of the contractor's past performance related to work quality, timeliness, and pricing.

6. Property Standards. Upon completion of the work, and for the duration of the Affordability Period, all construction must meet the City's Neighborhood Housing Standards, which include the most current building, safety, construction, and property maintenance codes adopted by the City, existing housing codes related to health and safety, major system repair, lead-based paint, accessibility requirements, and cost-effective energy conservation measures, and all other requirements within 24 C.F.R. § 92.251. Developer agrees that the City, its agents, or representatives shall have the right to inspect the property from time to time at any reasonable hour of the day to determine Developer's compliance with this requirement. After construction completion, Developer must maintain the funded units as decent, safe, and sanitary housing in good repair. Developer must also meet the City's Ongoing Property Standards, which include compliance with the most current property maintenance code adopted by the City.

7. Scope of Work and Timetable. Developer agrees to comply with the following scope of work and timetable so that the City's responsibilities as delineated therein may be carried out in a timely manner.

Date	Developer and/or Leasehold Owner Task	City
5/1/2025	Sign City loan documents, Program Agreement and construction contract.	Issue Notice to Proceed
6/1/2025	Construction begins	

6/1/2025 – 3/31/2026	Request disbursements. Provide paid invoices/receipts and documentation that work has been satisfactorily completed with each disbursement request.	Monitor construction. Request funds from City Finance Department.
3/31/2026	Construction completion	Inspect project before release of final payment.
7/1/2026	Execute leases, provide initial tenant documentation to City.	Review tenant documentation for compliance.

8. Accomplishment of Work. Developer agrees to carry out the construction work specified in this Agreement with all practical dispatch in a sound, economical, and efficient manner. At its option, the City reserves the right to cancel and terminate the Agreement if Developer fails or refuses to cause commencement of physical work on the Property after a period of 90 days from the date of execution of this Agreement, or if Developer fails or refuses to complete such improvement work within a reasonable time.

The City's failure to exercise its right to terminate this Agreement due to the Developer's failure or refusal to cause commencement of or to complete the physical work on the Property will not be deemed a waiver thereof.

9. Eligibility. Developer agrees that it is in compliance with the following statement of eligibility.

All housing developers who develop new or retrofitted multi-family housing containing all or some affordable units may be eligible to receive assistance. Developers must have successful experience in the type of project proposed and must have financial capacity to complete the project.

Developers must be current on all property taxes, have good maintenance and management history with existing rental properties and have no record of fair housing violations.

10. Federal Requirements. This Agreement shall be administered pursuant to the federal statutes and regulations as outlined below. Developer understands and agrees that these federal requirements reflect City policy and shall therefore be met in fulfilling this Agreement, regardless of whether they would otherwise apply to Developer. Developer and all contractors and subcontractors shall comply with these statutes and regulations, and ensure all contractors and subcontractors comply with these statutes and regulations. Developer shall incorporate this Section 10 requiring compliance with federal requirements into all contracts and subcontracts related to this Agreement.

A. Title VI of the Civil Rights Act of 1964 provides that no person in the United States shall be excluded from participation in the Program, denied the benefits of the Program, or subjected in any way to discrimination under the Program on the basis of race, color, or national origin. This requirement shall apply for the period during which the Property is improved and the rehabilitation loan is outstanding.

B. Title VIII of the Civil Rights Act of 1968, as amended, where applicable, requires that the Program be carried out in a manner that shall affirmatively further fair

housing, including all activities relating to sales, rentals, additional financing, and brokerage services.

C. Executive Order 11063 requires the provision of equal opportunity in housing and nondiscrimination in the sale and rental of housing improved under the Program.

D. The “Copeland Anti-Kickback Act”, as amended, prohibits the contractor and all subcontractors from inducing, in any manner, an employee to give up any part of the compensation to which they are entitled under the contract of employment.

E. The Age Discrimination Act of 1975 prohibits discrimination on the basis of age.

F. Section 504 of the Rehabilitation Act of 1973 states that “no otherwise qualified individual with handicaps in the United States . . . shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or subjected to discrimination under any program or activity receiving federal financial assistance” As detailed in 24 C.F.R. § 8.23, when a project contains 15 or more units and the rehabilitation cost equals or exceeds 75% of the replacement cost of the completed facility, the project must comply with 24 C.F.R. § 8.22, requiring a minimum of 5% of the units, or at least one unit, to be accessible for persons with mobility impairments. Projects containing five or more dwelling units must comply with Section 504 to the maximum extent feasible. “Maximum extent feasible” means that compliance in rehabilitation shall be required unless doing so would impose an undue financial and administrative burden. It does not require that alterations be made solely to comply if those alterations cannot be undertaken without removing or altering a load-bearing structural member.

G. Executive Orders No. 11625, 12432, and 12138 require the contractor to take affirmative steps to encourage the use of minority and women's business enterprises when subcontracts are let. Such efforts should include the following elements or other appropriate actions:

- i. Include qualified minority and women's businesses on bid solicitation lists, and assure that minority and women's businesses are solicited whenever they are potential sources of materials or services;
- ii. When economically feasible, divide total contract requirements into small tasks or quantities, or extend delivery schedules, to permit maximum minority and women's business participation; and
- iii. Use the services and assistance of the Minority Business Development Agency of the U.S. Department of Commerce and the Interagency Committee on Women’s Business Enterprises, as needed.

H. Developer further agrees that the rehabilitation work financed in whole or in part with funds provided through City shall not be performed by any contractor if it, or its principals, are presently debarred, suspended, proposed for debarment, declared ineligible, or

voluntarily excluded from participation in the rehabilitation activity by any federal department or agency.

I. According to the Flood Disaster Protection Act of 1973, Developer agree that no funds provided by City shall be used to rehabilitate the Property if it is located in an area identified by the Federal Emergency Management Agency as having special flood hazards unless Developer obtains and maintains flood insurance under the National Flood Insurance Program.

11. Maintenance and Insurance; Inspections. Developer agrees to secure, maintain, and insure all new buildings in compliance with all local code requirements for the duration of this Agreement and for 20 years after construction completion. Developer agrees that the City, its agents, and/or its representatives shall have the right to inspect the Property at any reasonable hour of the day to determine Developer's compliance with this requirement and any other requirements of the Contract Documents.

12. Nondiscrimination. Developer hereby agrees that it:

- A. Will not discriminate against any employee or applicant for employment because of race, color, religion, or national origin;
- B. Will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to race, color, religion, or national origin;
- C. Will in all solicitations or advertisements for employees placed by or on behalf of the Developer state that all qualified applicants will receive consideration for employment without regard to race, color, religion, or national origin; and
- D. Will include these provisions in every subcontract or sublease let by or for them.

Developer additionally agrees not to discriminate against any employee, applicant for employment, tenant, or prospective tenant on the grounds of age, color, disability, familial status, national origin, race, religion or sex. Developer also agrees not to discriminate against prospective tenants due to their receipt of or eligibility for housing assistance under any federal, state, or local housing assistance program. In addition, Developer agrees to comply with Executive Order No. 11375, which prohibit discrimination in employment regarding race, color, religion, sex, or national origin, Title VI of the Civil Rights Act of 1964, the Copeland Anti-Kickback Act, the Contract Work Hours and Safety Standards Act, Section 402 of the Vietnam Veterans Adjustment Act of 1974, Section 503 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, all of which are incorporated as conditions of funding by specific reference.

13. Ethical Standards. Developer and Leasehold Owner take notice of and warrant that they are not in violation of, or have not participated in, and shall not participate in the violation of any of the following ethical standards prescribed by the Knoxville City Code. For violation of the ethical standards prescribed by the Knoxville City Code, the City has the following remedies: oral or written warnings or reprimands; cancellation of transactions; and suspension or debarment from being a contractor or subcontractor under City or City-funded contracts. The value of anything transferred in

violation of these ethical standards shall be recoverable by the City from such person. All procedures under this article shall be in accord with due process requirements, including a right to notice and hearing prior to imposition of any cancellation, suspension, or debarment from being a contractor or subcontractor under a City contract.

- A. Knoxville City Code Section 2-1048(a) - Conflict of Interest. It shall be unlawful for any employee of the City to participate, directly or indirectly, through decision, approval, disapproval, recommendation, preparation of any part of a purchase request, influencing the content of any specification or purchase standard, rendering of advice, investigation, auditing, or otherwise, in any proceeding or application, request for ruling or other determination, claim or controversy, or other matter pertaining to any contract or subcontract and any solicitation or proposal therefor, where to the employee's knowledge there is a financial interest possessed by: (i) the employee or the employee's immediate family; (ii) a business other than a public agency in which the employee or a member of the employee's immediate family serves as an officer, director, trustee, partner, or employee; or (iii) any other person or business with whom the employee or a member of the employee's immediate family is negotiating or has an arrangement concerning prospective employment.
- B. Knoxville City Code Section 2-1049(a) - Receipt of Benefits from City Contracts by Councilmembers, Employees, and Officers of the City. It shall be unlawful for any member of the City Council, officer, or employee of the City to have or hold any interest in the profits or emoluments of any contract, job, work or service, either by himself or by another, directly or indirectly. Any such contract for a job, work, or service for the City in which any member of the City Council, officer, or employee of the City has or holds any such interest is void.
- C. Knoxville City Code Section 2-1050(a)-(b) - Gratuities and Kickbacks Prohibited. It is unlawful for any person to offer, give, or agree to give to any person, while an employee of the City, or for any person, while an employee of the City, to solicit, demand, accept, or agree to accept from another person anything of a pecuniary value for or because of: (i) an official action taken, or to be taken, or which could be taken; (ii) a legal duty performed, or to be performed, or which could be performed; or (iii) a legal duty violated, or to be violated, or which could be violated by such person while an employee of the City. Anything of nominal value shall be presumed not to constitute a gratuity under this section. It is unlawful for any payment, gratuity, or benefit to be made by or on behalf of a subcontractor or any person associated therewith as an inducement for the award of a subcontract or order.
- D. Knoxville City Code Section 2-1051(a)-(b) - Covenant Relating to Contingent Fees. Every person, before being awarded a contract in excess of \$10,000.00 with the City, shall represent that no other person has been retained to solicit or secure the contract with the City upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for bona fide employees or bona fide established commercial, selling agencies maintained by the person so representing for the purpose

of securing business. The intentional violation of the representation specified in this section is unlawful.

- E. Knoxville City Code Section 2-1052(a) - Contemporaneous Employment Prohibited. It shall be unlawful for any employee of the City to become or be, while such employee, an employee of any party contracting with the particular department or agency of the City in which the person is employed by the City.

14. Requests for Disbursement of Funds. Developer may request disbursement of funds for reasonable expenses incurred during the construction work. The City solely and exclusively shall determine what constitutes a “reasonable expense.” Requests may not be submitted more frequently than every 14 calendar days unless approved in advance by the City’s Department of Housing and Neighborhood Development. The City reserves the right to retain up to 20% of funds available until work is inspected and certified complete. Disbursement of funds shall be contingent upon Developer’s and contractors’ compliance with this Agreement, the Promissory Note, the Leasehold Deed of Trust, and any other agreements related to this project, including any agreements between Developer and contractors.

15. Records. For a period of five years following completion of the improvements specified in this Agreement, Developer agrees to keep the following records: all loan documents; contracts; invoices; materials; personnel and payroll records; conditions of employment; books of account; tenant leases; tenant income verifications; and any other documentation pertinent to the improvement of the Property, the occupancy and rental of the Property, and the disposition of the loan proceeds. Developer shall permit City and its designees to have full and free access to these records for the purpose of making audits, examinations, excerpts, and transcriptions.

16. Security and Loan Termination. This loan shall be evidenced by a Promissory Note and secured by a Leasehold Deed of Trust on the Property, of the same date, and duly recorded in the Register's Office for Knox County, Tennessee. Developer and the City shall also enter into an agreement creating restrictive covenants encumbering the Property that shall restrict the occupancy and the rents of the Property for the duration of the Affordability Period, as more specifically described in Section 4 of this Agreement.

The City may, by written notice of default to Developer, terminate the whole or any part of the loan and this Agreement and may foreclose on its Leasehold Deed of Trust if Developer fails to perform any provisions of this Agreement, the Promissory Note, the Leasehold Deed of Trust, or the Restrictive Covenant executed by Developer and does not cure such failure within a period of 10 days (or such longer period as the City in its sole and absolute discretion may authorize in writing) after receipt of said notice from the City specifying such failure. If the loan and this Agreement are terminated due to Developer’s default, the full amount of any monies included in the loan that have been advanced to the Developer by the City shall be due and payable by the Developer to the City on demand. Developer shall be in default if any of the following occur, without limitation:

- A. The construction is not carried out with reasonable diligence, or is discontinued at any time for any reason other than strikes; lockouts; acts of God; fires, floods, or other similar catastrophes; riots; war; or insurrection;

- B. Developer makes material changes in the project plans and specifications or enters into another contract or subcontract for work on the Property without the prior written approval of City;
- C. All Developer's principals die, become legally incapacitated, or otherwise become legally unable to act before the completion of the construction;
- D. Developer abandons the Property, fails to keep insurance and taxes current, fails to obtain permits, violates building code, or otherwise fails to maintain the Property;
- E. The sale, lease, or other transfer of any kind or nature of the Property before the completion of the construction funded by this Agreement without the prior written consent of City, excluding (i) the creation of a purchase-money security interest for household appliances, (ii) a transfer by devise, descent, or operation of law upon the death of a joint tenant; or (iii) the leasehold deed of trust in favor of Borrower's senior lender;
- F. Developer defaults on any covenant, agreement, term, or condition of this Agreement, the Promissory Note, the Restrictive Covenant, or any other agreement made between Developer and City; or
- G. The construction required by this Agreement fails to meet the affordability requirements of Section 4 of this Agreement for the full Affordability Period.

Termination shall be accomplished by mailing by certified mail or by personally delivering written notice of termination to Developer at Developer's business address, or to any other address that Developer has made known to City either personally or by mail. Termination shall be effective on the date the notice is mailed or personally delivered to Developer's address, regardless of whether the notice is actually received by Developer.

17. Insurance. Developer must provide evidence of property insurance of at least 90% of the property value and homeowners' or rental property liability coverage of at least \$100,000.00 and must maintain this insurance until the later of the completion of the project for which funding is provided or repayment of any loaned funds. Developer agrees to only use contractors who are licensed and bonded for the work performed and to require that such contractors maintain automobile insurance and general liability insurance that includes completed products liability with limits for both automobile and general liability of at least \$500,000.00 per occurrence.

18. Term.

A. This Agreement shall be effective until Developer has well and truly performed all the terms and conditions of this Agreement, the Promissory Note, the Leasehold Deed of Trust, the Restrictive Covenant, or any other agreement made between Developer and the City.

B. All construction required by this Agreement shall begin upon execution of this Agreement and shall be completed within 10 months of the date of written Notice to Proceed.

- E. Developer's project plans and specifications, attached as Exhibit C.

All Contract Documents and exhibits attached to this Agreement are incorporated herein by specific reference and made a part of this Agreement as if they were fully set out verbatim. To the extent that there is a conflict between the terms of any of the documents that constitute this Agreement, the terms that provide the greater benefit to the City and/or impose the greater obligation on Developer will control.

20. Hold Harmless and Indemnification. Developer shall defend, indemnify, and hold harmless the City, its officers, employees, and agents from any and all liabilities which may accrue against the City, its officers, employees, and agents or any third party for any and all lawsuits, claims, demands, losses, or damages alleged to have arisen from an act or omission of Developer in performance of this Agreement or from Developer's failure to perform this Agreement using ordinary care and skill, except where such injury, damage, or loss was caused by the sole negligence of the City, its agents or employees.

Developer shall save, indemnify and hold the City harmless from the cost of the defense of any claim, demand, suit, or cause of action made or brought against the City alleging liability referenced above, including, but not limited to, costs, fees, attorney fees, and other expenses of any kind whatsoever arising in connection with the defense of the City, and Developer shall assume and take over the defense of the City in any such claim, demand, suit, or cause of action upon written notice and demand for same by the City. Developer will have the right to defend the City with counsel of their choice that is satisfactory to the City, and the City will provide reasonable cooperation in the defense as Developer may request. Developer shall not consent to the entry of any judgment or enter into any settlement with respect to an indemnified claim without the prior written consent of the City, such consent not to be unreasonably withheld or delayed. The City shall have the right to participate in the defense against the indemnified claims with counsel of its choice at its own expense.

Developer shall save, indemnify, and hold City harmless and pay judgments that shall be rendered in any such actions, suits, claims, or demands against City alleging liability referenced above.
