BACKGROUND

If approved on both first and second reading, this ordinance would automatically trigger the local option sales tax item to appear on the November 2025 ballot for voting by the residents of the City of Knoxville. This item would mean that the two and one-quarter percent (2.25%) local option sales tax rate currently levied throughout Knox County would be increased to two and three-quarters percent (2.75%) in the City of Knoxville to support investments in neighborhoods. Knoxville is a growing city and so are the infrastructure needs. This ½ cent local option sales tax increase will focus on investing in the needs of our local neighborhoods. From parks, sidewalks and paving, to greenways, traffic calming and affordable housing, among other needs, this sales tax increase will allow our City to progress in approximately five years, what would normally take about 20 years to complete. This type of tax increase is shared by all those visiting Knoxville rather than just the residents. Anderson, Blount, Sevier, Jefferson, Grainger counties surrounding Knoxville have all increased their tax to 2.75% many years ago. Additional details are available on the City's website at knoxvilletn.gov/localoption. Should this referendum be approved by voters, the City will have a project tracker on the website to allow residents to follow the progress of the various initiatives.

ESTIMATED PROJECT SCHEDULE

The ordinance will become effective immediately and set forth the various steps required to put the referendum on the November 4, 2025 ballot for the City election. Should voters pass the referendum, it would take effect on March 1, 2026.

PRIOR ACTION/REVIEW

FISCAL INFORMATION
